The July meeting was devoted to finalizing the Commission's annual report on the Rule of Law to be submitted to the Sixth Committee of the UN General Assembly. The report examines the state of the Rule of Law globally and in particular regions, which by the year 2023 will be the European Union and the United States.

**The Director of EPLO, Professor Spyridon Flogaitis**, welcomed the Commission and mentioned its crucial role considering the Commission's diverse regional composition, following the United Nations rules, to develop a comprehensive global concept of the rule of law with respect to universal values and diversity in the dialogue of civilizations, among other objectives.
